Solution Manual and Figure Files for "Optimum Array Processing", Harry L. Van Trees, Wiley Interscience, 2002

1. The file contains solutions to selected problems in Chapter 2 through 6. There is a pdf file with the solution and, where appropriate, a Matlab file.
2. There are Matlab files for all of the figures in Chapters 2 through 5, most of Chapter 6, and the first part of Chapter 7.
3. The remaining problem solutions and Matlab files are not in an appropriate form for distribution.
